

Core Science Classes

List of Topics covered and the Key Concepts taught through Experiments

Air 	Water 	Soil 	Plants 	Plants - The Autotrophs 	Food Chain & Sources 
Fun Time Experiments 	Changes around us 	Classes 2 - 4 26 Sessions		Sound 	Force & Energy 
Fun Time Experiments 	Sense Organs & Body Systems 			Digesting Food - Digestive System 	Fun Time Experiments 
Magnetism 	Our Teeth 	Human Eye 	Electricity 	The Solar System 	Heat 
Time 	Light & Shadow 	Fun Time Experiments 	Pollution 	Constellations 	Human Respiration & ENT 

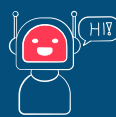

Core Science classes are also available for Classes 5th to 8th

Other Workshops

MODEL-MAKING

Try out science concepts to see how things work. Make working models and carry them home!

ROBOTICS & AI

Make projects using cool technologies, having exciting real world applications!

AN IIT - IIM ALUMNI VENTURE
