

Core Science Classes

List of Topics covered and the Key Concepts taught through Experiments

 Basic Chemistry 1	 Basic Chemistry 2	 Synthetic Fibers & Plastics	 Nutrition in Plants	 Respiration in Organisms	 Crop Production & Nitrogen Fixation
 Heat	 Combustion & Flame	Classes 7 - 8 26 Sessions		 Changes in Matter	 Time & Motion
 Nutrition in Animals & Humans	 Metal & Non-Metal			 Acid, Bases & Salts 1	 Acid, Bases & Salts 2
 Transportation in Plants, Animals	 Force & Pressure 1	 Force & Pressure 2	 Friction	 Electricity & its Effects	 Chemical Effects of Electric Current
 Microorganisms	 Light	 Refraction & Dispersion of Light 1	 Refraction & Dispersion of Light 2	 Sound 1	 Sound 2

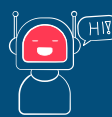

Core Science classes are also available for classes 2nd to 6th

Other Workshops

MODEL-MAKING

Try out science concepts to see how things work. Make working models and carry them home!

ROBOTICS & AI

Make projects using cool technologies, having exciting real world applications!

AN IIT - IIM ALUMNI VENTURE
